Youth Mission Retreat  
April 1-2, 2011

Texts...Facebook...Homework...Practice...Parents... Friends...Busy...Busy...Busy. Your life is CRAZY BUSY. With all that you have going on, you don't even have time to think about going on a journey. But you are on one. Yes, we are all on one, the journey is your life. You are travelling on a path that is your life.

This weekend we will take time to slow down on the path, reflect and engage with God so that we can be aware of where Christ is working in the world and moving here. After first listening to God, we can move into action.

Pausing on the Path allows us to listen to God. Our service is a response to who God is and who we are in relationship to God in this world.
