

## College Student Round-up!

Greetings in the name of the Lord!

It is a great privilege for the churches of Providence Presbytery to celebrate our high school graduates each spring; part of what makes these celebrations so special is to imagine the future that God has in store for each of those young adults.

Many of those high school graduates will be embarking on a collegiate journey in the fall semester. The Presbyterian Church (USA) is ready, willing, and able to be in ministry to and with these students. However, finding them is not always easy!

Help us make important connections with the college of our presbytery—particularly the newest ones—this spring by gathering their information and forwarding it to us at the presbytery. You can fill out this form and send it in by snail mail or as an e-mail attachment to [jokain@oapc.net](mailto:jokain@oapc.net). This is a courtesy that all of the South Carolina campus ministers extend to each other; it is a huge help for a great beginning next semester!

Student Name	Home address	Home Phone	E-mail address	College Attending

Many thanks to you for all of your support of campus ministry within the bounds of Providence Presbytery and beyond!
